### **BIO**

At age thirteen, Eloise was cast in her first professional production, Galaxarena, a stage adaptation directed by Nigel Jamieson for the Adelaide Festival. Eloise completed a Bachelor of Circus Arts in 2003 and went on to co-create and perform in the comedy duo OzStar Airlines who have performed at the London National Theatre and toured internationally and nationally for five years. In 2009- 2010 Eloise performed as M.C. and acrobat with 'Circus Oz'. Most recently, Eloise embarked on her first solo endeavour, 'All you need is Love' an outdoor street/ festival show which she toured in Europe.

Eloise Green is twenty nine years old with a performance history spanning twenty three of those years. In 1988 Eloise joined Adelaide's youth Circus, 'Cirkidz' where she began performing and training at the age of six and stayed for twelve years. Those years involved sixteen productions performed for the Adelaide Fringe, Come Out Festival and regional touring. Eloise has performed in theatres, big tops, train stations, forests, caravan parks, on the street, the beach and islands in over fifteen different countries around the world.

Eloise is first and foremost a fan of laughter and comedy but loves the power of performance in it's ability to pull people together in emotion through shared experience of living, live moments. It is always more enjoyable to laugh with others than laugh alone!! .
